Amber

Worcester Marina

£40,000.00

A 50ft 1992 Waterway Builder 2 berth traditional stern narrowboat.

Amber is a 50ft traditional stern narrowboat built in 1992 by Waterway Builder, offering a classic design with plenty of charm and practical features throughout.

The boat is powered by a Beta 38 engine and is laid out to suit both leisure cruising and longer-term living aboard. Internally, Amber benefits from a twin dinette setup, providing versatile seating and dining arrangements. There is a permanent double berth, making it a comfortable boat for a single person or couple.

The interior has a warm and characterful feel, further enhanced by the presence of two stoves, ideal for staying cosy during cooler months. Side hatch doors bring in extra natural light and ventilation, creating an open feel and connection to the outside environment.

The traditional stern offers extra engine room space and a classic silhouette that will appeal to those looking for a boat with timeless lines and a traditional boating experience.

With a practical layout, ample storage options, and scope for personalisation, Amber presents a great opportunity for someone looking to enjoy life on the waterways. Whether you're seeking a weekend retreat or a boat for regular cruising, Amber offers a solid base with plenty of potential.

A Boat Safety Certificate valid till August 2026.
