

Condor

Goytre Wharf £57,950

A 51ft 2006 Reeves 6 berth cruiser stern widebeam boat.

This absolutely beautiful floating home feels more like a luxury apartment than a boat! The exterior is painted in classic navy blue with a large cruiser stern giving plenty of space for relaxing and entertaining guests whilst on the tiller. Condor has been freshly blacked and fitted with new anodes in 2026 and comes with a Boat Safety Certificate, valid until 2029.

The reverse layout means that you step down from the stern into an open plan dinette and galley area which, due to Condor's 8ft width, are exceptionally spacious and comfortable. A triple-sided sofa and dining table can be converted to provide a 3rd double bed, together with the 2 permanent doubles situated further inside. Opposite the dinette sits a solid fuel stove, ideal for cosy evenings during winter months.

The galley boasts sleek marble-effect worktops, sink and integral draining grooves, oven, grill, hob and separate microwave, and an under-counter fridge, as well as ample storage cupboards and shelves.

Moving through the boat there are 2 dedicated double bedrooms, the first being a completely enclosed ensuite with plush mattress, storage under and behind, central heating radiator, its own bathroom with toilet, washbasin and shower cubicle, and a heated towel rail. This sits back-to-back with a second fully fitted bathroom, which serves the final cabin of the boat, another generously sized double bedroom with double portholes looking out to the bow.

With high-quality furnishings and fittings, and central heating throughout, a viewing of Condor is not to be

A prospective buyer is strongly advised to check the particulars and where appropriate to employ a qualified marine surveyor to inspect the vessel.

missed. To make an enquiry or arrange to view, please contact Goytre Wharf on 01873 880516.

Following a recent survey it has highlighted that the boat needs £4,500 worth of work on the hull and the price has been reduced to reflect this.

As a Broker, our understanding is that this vessel should have been built and correctly CE marked to satisfy the requirements of the Recreational Craft Regulations but no such proof has been provided.

You should satisfy yourself of any subsequent implications and are advised to seek further advice should you see fit as there could be implications for the future saleability or value of the vessel.
