

Flossie

Aldermaston Wharf

£8,500.00

A 36ft 1978 G M Engineering 2 berth cruiser stern narrowboat.

This little boat has given many years of faithful service on the water and is now in need of an external repaint and some general interior refurbishment. She is in possession of a BSS certificate valid until July 2027 and the whole base plate was re-plated in 2007.

The cruiser stern entrance doors lead straight down into a saloon area, which currently contains a solid fuel stove and a dining table with stools underneath.

The galley is fitted along one side of the boat and has a fridge, oven and hob, sink/drainer and useful worktop space and cupboards. Opposite this is the bathroom which is equipped with a porta-potti and hand-held shower.

There is a bedroom at the bow end of the boat which has a fixed double berth, some storage space and shelves, and a washbasin.

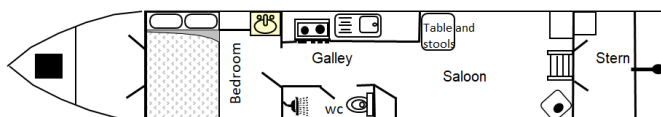

Flossie has had a recent survey which has recommendations to over plate the outer plate with 6mm steel and puddle weld the 1mm pits below the waterline.

With a generous dollop of TLC Flossie would make an ideal boat for high days and holidays afloat.

For enquiries or arranging to view, please contact Aldermaston Wharf on 01189 714123.
